# **Hampton partners with PETA to offer free spaying and neutering**

As part of an ongoing commitment to reducing pet overpopulation, Hampton Animal Control has partnered with PETA to offer free spaying/neutering to low-income Hampton residents.

Those interested are asked to call Hampton Animal Control at 757-727-2818 or visit their office at 419 N. Armistead Ave, 8 a.m.-4 p.m. Monday-Friday, to determine if they qualify. Proof of residency, such as a utility bill, is required.

Surgeries are conducted in PETA's SNIP van, a state-of-the-art mobile clinic staffed by a licensed vet and vet assistants. Clinics are held on the first Thursday of each month, with the van traveling to a different section of the city every month, making it easier for residents to take their animals in for surgery. For residents who don't have transportation, PETA will transport an animal to and from surgery at no cost. Surgeries are by appointment only.

For more information on PETA's mobile clinic program, visit <http://www.peta.org/about/learn-about-peta/SNIP.aspx>.
